1.0 VERSION

The full version number for this upgrade is: **v7.1.2955 (20260203)**

2.0 TECHNICAL CHECKS

Check the login page lads and the version number has been updated correctly.

Open .../cbww/health URL directly and check version number is consistent with ConnX version.

3.0 ADMIN CHECKS

Log into ConnX as a full unrestricted Administrator

Welcome

Ensure welcome page and especially widgets load and display correctly.

Licence and Version

Open *Admin* > *General* > *ConnX Licence*

- Confirm version number has updated correctly
- Confirm the licensee entity is correct for your organisation

System Status

Open *Admin* > *System Status page* – check all components are operational.

Email Settings

Open *Admin* > *Settings* > *E-mail*

If using Email Sending Method: Simple Mail Transfer Protocol (SMTP) – Basic Authentication, and SMTP Server: Microsoft Office 365, contact your IT department regarding changes to SMTP OAuth

If using Email Sending Method: SMTP – Basic Authentication with a different SMTP server, or SendGrid use the TEST email option to confirm email credentials.

Check Grids

Open Company Info > Employee Directory – this page shows a grid. If Employee Directory is hidden, open Admin > User Accounts.

Export the grid to Excel, download the file – checks the export/download process

Check Graphs

Open My Details > Leave Dashboard – this page shows graphs

Check the Document Viewer

Open My Details > Employee Documents –view any document

Check Payroll integration (Micropay payroll)

Open Admin > Payroll Databases – edit and TEST connection to Micropay and Evolution Common

4.0 MODULE CHECKS

4.1 Mobile Module

If you have the Mobile module:

Open Mobile login page and login as an Admin.

Open the ConnX Mobile menu and confirm the Workflow Forms section has been added.

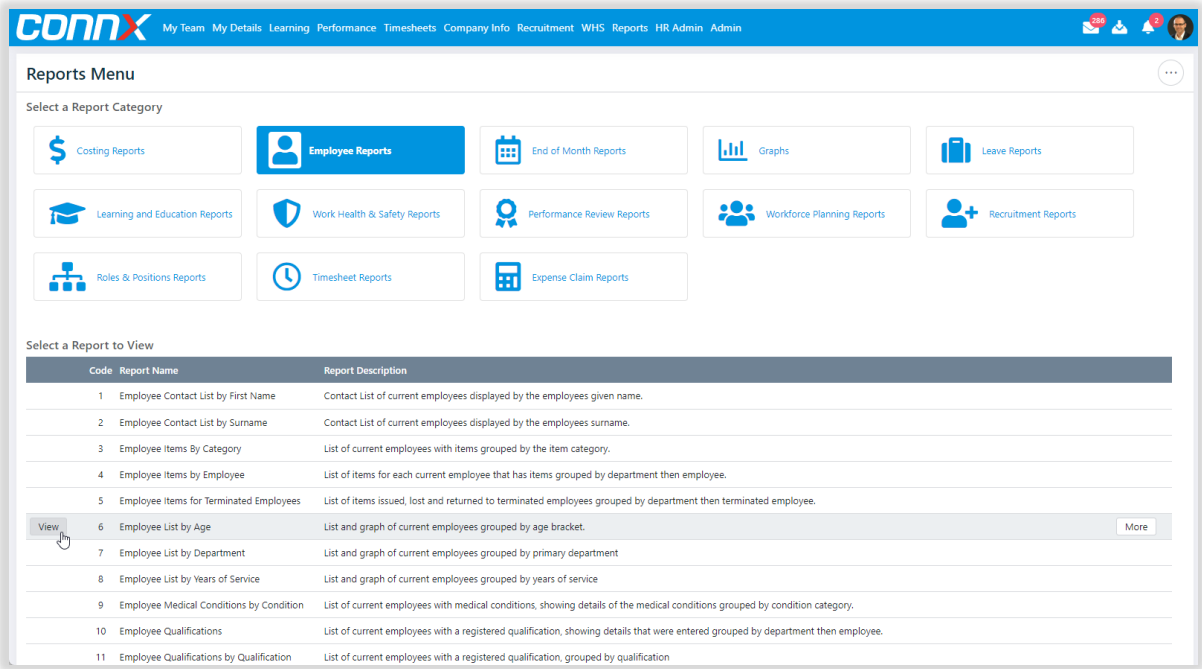
Logout.

4.2 Reports and Dashboards

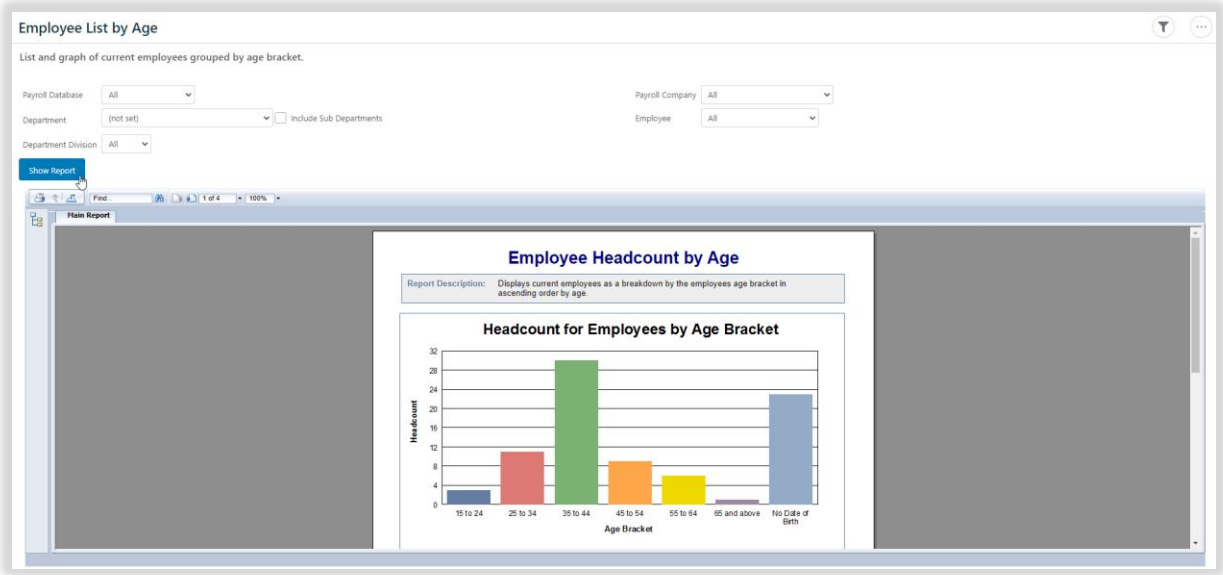
If you have the Reports Manager module:

- Login as a Reporting user
- Open Reports > View Reports
  Running a report will make sure that Crystal Reports is working properly.

- Select Category = Employees
- Open report id 6 – Employee List by Age – this report also shows a graph
- Drill down into graph and confirm data presents



Copyright © 2026 ConnX Pty Ltd



From the Home screen, open Dashboards

Confirm call to action page,

Create new Dashboard page for Gender Distribution and add:

- Gender Distribution,
- Gender Distribution Trend,
- Gender Distribution Trent – Recent Hires widgets.

The Gender Distribution widgets will provide the best data without the need for additional configuration (Roles, Qualifications, Licences, Terminations, Leave applications)

4.3 Web Service

If you have the Web Service component:

Open Admin > Settings > Interfaces - Web Service and test the web service connection

4.4 Recruitment

If you have the Recruitment module integrated with, SEEK:

Login as a Recruitment Administrator

Open Recruitment > Locations

Select any location, on the right click Select Location button next to SEEK Location.

Enter any location, if the list appears SEEK integration is working.
